Next Provider Forum

Join the forum exclusively for providers to clients of Social Return

The next forum will take place on Zoom at **1.30pm 23rd July 2020.**

Vicki Gilman will give a short presentation on the current state of play around managing the challenges of resumption of face to face visits to clients including;

- **Approaches to risk assessment and management**
- **Clients in care homes and the added factor of intersecting risks for other residents**
- **Clients with MDT's and multiple service providers**
- **Capacity and best interests issues with resumption of face to face**
- **Where to find support**

The forum will then open for questions and discussion.

We have ideas for future topics, many of which are non-pandemic related, and we are happy to hear what other topics you would like to cover in your forum!

We will record the session to share with forum members and we will provide links for accessing information to assist you in providing services to our clients during and beyond the pandemic.

We hope you can join us!
